Dear Lisa:

I have been meaning to write this letter for a very long time. On behalf of the Long Branch Concordance and myself I just wanted to thank you for the exceptional work you performed with our Board of Trustees and staff. At the time we met, I was researching possible outside advisors to assist the Board and I update our strategic plan. I was immediately impressed with your credentials and approach to the strategic planning process.

The commitment you provided the Long Branch Concordance throughout the process was an inspiration to us to all. I am grateful for your insight, motivation and persistence throughout the process. The Board of Trustees has been keenly aware of your other community involvement and commitment. We are truly thankful to have developed our strategic plan with the guidance of a local professional who seemed to easily understand our agency and its role in the Long Branch community at large.

The Long Branch Concordance considers your professional guidance and our on-going relationship an asset to our agency. We look forward to working with you as we continue to implement our mission and develop our programs.

Sincerely,

Former Executive Director
Finance and Administration consultant to the Board of Trustees
